

Montana State Music Teachers Association
Publications and Web Advertising

Advertising in MSMTA publications is a great way to reach music teachers and their students, whether in the collegiate studio, school classroom, private studio or independent music school. Great news for 2023: newsletters are in full color printing!

Advertising is offered at one annual price for all of a year's publications: the fall and spring editions of the Montana Music News, the October Conference Booklet and the MSMTA website. It is also available in a single edition. The publications reach music teachers state-wide, the families they serve, collaborators, and other advertisers. Samples of publications can be found at msmta.com/newsletter.

Here are this year's full color new rates, starting with orders placed after Feb. 1, 2023:

Table with 4 columns: Full Year, Single Edition Only, Artwork Due, Distribution. Rows include pricing for Full page, Half Page, and Quarter Page, and artwork due dates (Jul 15, Sep 15, Jan 15) and distribution months (Aug, Oct, Feb).
