

MSMTA Legislative Committee Report October 29, 2020

After last year's intensive and careful work on the Constitution and By Law revisions (which were voted on at the October 26, 2019 Annual Meeting, and passed with flying colors), the Committee has rested this year, answering only a few questions which were posed to it about some interpretations. The final version of the Constitution and By Laws was submitted to our President-Elect, Laura Detrick, to print in the 2020-2022 Directory, for your reading enjoyment...and guidance! Again, we share this quote: "No work of man is perfect. It is inevitable that, in the course of time, the imperfections of a written Constitution will become apparent. Moreover, the passage of time will bring changes in society which a Constitution must accommodate if it is to remain suitable for the nation." *Thomas Jefferson*. We hope our current documents will guide and govern us appropriately, but should you see a need for potential change, please forward it to one of us.

Sharon Marble, Jessica Olson, Ken Christensen NCTM, and Mike Evock
